

THE META ADVANTAGE

Co-Created with Lineworkers for Lineworkers

DURABILITY

Engineered for the task and tested by lineworkers onsite, all our products can take the abuse of the most demanding projects. We manufacture our own machined billet components and utilize a talented fabrication team of Certified Welders.

SAFETY

Personnel safety is critical and we demand stringent product testing to ensure line worker security to minimize incidents. We are a Utility Company Approved vendor.

VERSATILITY & FLEXIBILITY

Custom configuration made easy. We know every job is different and adjustability is essential, so we design the most configurable products to meet your needs.

EFFICIENCY/ ERGONOMICS

Expedite projects by quickly adjusting to dimensions to your needs. We carefully consider the end user in all of our product details, utilizing the latest interactive ergonomics and human factors.
