

Custom color combinations available

GUS POLE & UTILITY TRAILER

Co-Created with Lineworkers for Lineworkers

VERSATILITY & FLEXIBILITY

Custom configuration is easy. Designed for rapid and convenient re-positioning while handling a broad variety of tools and materials to your preference.

EFFICIENCY/ ERGONOMICS

Expedite projects by organizing components within easy grasp and reduce the time to mount or retrieve materials. No more straining to reach buried tools. No more lost time replacing or searching for inventory.

DURABILITY

Engineered for the task and tested by lineworkers onsite, all our products can take the abuse of the most demanding projects.

SAFETY

Road safety is critical and secure containment of materials will minimize traffic incidents. Mounting bulky, heavy items at arms reach reduce common back injuries.

ECONOMICAL

Proper organization of inventory reduces material costs. Ergonomic design reduces workers compensation costs.

CONNECTOR **Heavy Duty, 7-Pole, Round Pin**

HITCH **42,000 Lb Drawbar Ring**

SAFETY **Class 4 Safety Chain, Breakaway Kit**

RATCHET STRAPS **5,400 Lb Cap Webbing**

USER CENTERED DESIGN

When you combine the **experience** and **knowledge** of 30 year Journeymen with **disciplined industrial designers** and utilize the **latest technologies** in machining and fabrication, you get remarkable products that literally **save lives** while improving them.

The GUS is a culmination of everything we've learned and tested. Save time, eliminate annoyance, reduce injuries and costs by:

- Securing a large switch crate neatly over multiple power poles.
- Mount multiple bulky cross arms on a rack within prime reach to eliminate the strain of pulling interlocking materials out of the bed.
- Neatly organize clips, washers, brackets, nails, and descending length bolts in securable bins and place a cross arm in front of them on our staging braces for assembly at prime height.
- Place a 4,000 lb Reel on the racks to eliminate another trailer on the job.

The advantages are too many to list here. Find out yourself and order yours today. Your crew will thank you!

BOLT BINS
STOCK

Organize and secure your descending bolt lengths and so much more. Configure to your personal preference.
4 ft³ of Configurable storage under diamond plate lids. Qty:2
